Web Developer

Profile

- I am a senior student at the University Lampung of Computer science, majoring in Software and the web.
- A fast learner and hard worker with high responsibility is seeking for an Internship opportunity.
- I want to find a job in order to increase the experience and to understand the labor market
- I work in sevima company until I graduate to gain experience

Education

07/2023 – present Lampung, Indonesia

Computer science | senior University lampung

I studied in Gaza in a high-level school, and after that I got a scholarship in Indonesia at Lampung University in the computer science department. I worked hard on myself and studied online, as I became ready to work and study before entering the university, but I lack the experiences that I hope to take from you.

Achievements

- My scholarship was for high grades
- I finished three years of study at Lampung University and I am now in the end of the seventh semester
- I have been able to speak, understand and write the Indonesian language
- I have completed six levels of AMIDEAST

Experience

07/2019 – 09/2020

Lampung,
Indonesia

Computer science University lampung

- I have many experiences in computer science where I can deal with HTML, CSS, Java, Python, c++, DataBase, Bootstrap, PHP, codeigniter4, android (java), Laravel, javascript, Wordpress, and Microsoft Office
